AS LONG†

DULUX® ACRATEX® ROOF MEMBRANE

Improved formula helps deliver long lasting colour durability that resists colour fading and discolouration up to 2x as long†

Dulux Acratex Roof Membrane

Dulux Acratex Roof Membrane has been improved with HueTech® technology to offer superior UV and colour fade resistance, allowing the colour to last up to 2x as long†. With improved application and colour benefits, the full range is suitable for collection of drinking water~ and now available with a 15 year warranty.*

Range available in popular Dulux and Colorbond® colours.

Leading technology

Dulux Acratex Roof Membrane is based on HueTech technology which is a full acrylic elastomeric polymer that provides coatings the flexibility and resistance to withstand the harsh Australian sun. Coatings are weather tight and designed to provide excellent UV resistance and colour durability.

COATED WITH

Under the harsh Australian sun, using the new Dulux Acratex Roof Membrane, the colour stays truer for longer^.

Faded colour after years of sun exposure.

DULUX ACRATEX ROOF POINTING

Dulux Acratex now has a full roof system. Dulux Acratex Roof Pointing is a water based, flexible, ready to use pointing mortar. Available in 19 colours to suit both new and renovated roofs.

Product features include:

- Ready to use and smooth in application
- Solution to ridgecaps
- Flexes with movement in the roof structure
